Settings and specifications not given in this manual are described in the OPERATING MANUAL on the CD-ROM supplied with this unit. Managers are recommended to refer to that manual as needed.

■ SAFETY PRECAUTIONS

- The "SAFETY PRECAUTIONS" indicated in the manual contain important information pertaining to your safety. Be sure to observe them.
- For details of the operation methods, refer to the manual.
- Request the user to keep the manual on hand for future use, such as for relocating or repairing the unit.

 WARNING	This mark indicates procedures which, if improperly performed, might lead to the death or serious injury of the user.
In the event of a malfunction (burning smell, etc.), immediately stop operation, turn off the electrical breaker, and consult authorized service personnel.	
Do not repair or modify any damaged cable by yourself. Let the authorized service personnel to do it. Improper work will cause an electric shock or a fire.	
When moving, consult authorized service personnel for uninstallation and installation of this unit.	
Do not touch with wet hands. It may cause an electric shock.	
If children may approach the unit, take preventive measures so that they cannot reach the unit.	
Do not repair or modify by yourself. It may cause a fault or accident.	
Do not use flammable gases near the unit. It may cause a fire from leaking gas.	

 CAUTION	This mark indicates procedures which, if improperly performed, might possibly result in personal harm to the user or damage to property.
Do not set vessels containing a liquid on this unit. Doing so will cause heating, fire or electric shock.	
Do not expose this unit directly to water. Doing so will cause trouble, electric shock or heating.	
Dispose of the packing materials safely. Tear and dispose of the plastic packing bags so that children cannot play with them. There is the danger of suffocation if children play with the original plastic bags.	
Do not place electrical devices within 1 m (40 in.) of this unit. It may cause malfunction or failure.	
Do not use fire near this unit or place a heating apparatus nearby. It may cause malfunction.	
Do not touch the switches with sharp objects. Doing so will cause injury, trouble, or electric shock.	
This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety. Children should be supervised to ensure that they do not play with the appliance.	

NAME OF PARTS

(a) Touch panel display

- When the screen is touched or the On/Off button is pressed while backlight is set to Enable, backlight lights. Backlight goes off 30 or 60 seconds after the last operation. When backlight is set to Disable, it does not light.
- Lightly touch the touch panel with your finger tips. A commercially available stylus pen can also be used. If pushed with too much force or operated with a rod, pencil, or ballpoint pen, etc., the display may be scratched or damaged.
- Do not touch 2 or more places simultaneously. Correct operation cannot be performed.
- When cleaning, do not use detergent or alcohol, paint thinner, etc. It will cause accidents or loss of appearance.

- Touch the [Fan] on the Monitor Mode Screen.

- "Fan" screen is displayed. Select the fan speed.

- When the [OK] is touched, the display returns to the Monitor Mode Screen.

3 SETTING

3-1 Select the Setting Items

- (1) Touch the [Menu] on the Monitor Mode Screen.

- (2) "Main Menu" screen is displayed. The screen has 2 pages which are switched by touching the [Next Page] or [Previous Page].

When the item to be set is touched, each setting screen is displayed. Refer to the description of each item for details. When each setting is complete or canceled, the display returns to this screen. When [Monitor] is touched, the display returns to the Monitor Mode Screen.

3-2 Air Flow Direction Setting

- (1) Touch the [Air Flow Direction Setting] on the "Main Menu" screen.

Note

When an air flow direction adjustment function is not provided such as a duct type indoor unit, etc., a "No Function" message screen is displayed. When [Close] is touched, the display returns to the "Main Menu" screen.

- (2) "Air Flow Direction Setting" screen is displayed. When the [VT Setting] or [HZ Setting] is touched, each setting screen is displayed.

When the [OK] or [Cancel] is touched at each setting screen, the display returns to this screen. When [Back] is touched, the display returns to the "Main Menu" screen.

Note

When the indoor unit does not have a horizontal air flow direction adjustment function, [HZ] is not displayed and the air flow direction cannot be set.

3-2-1 VT Air Flow Direction

- (1) Touch the [VT Setting] on the "Air Flow Direction Setting" screen.

- (2) "VT Air Flow Direction Setting" screen is displayed. Touch [▲] or [▼] and set the air flow direction or the [Swing].

- (3) When the [OK] is touched after setting, the data is transmitted to the indoor unit and the display returns to the "Air Flow Direction Setting" screen.

3-2-2 HZ Air Flow Direction

- (1) Touch the [HZ Setting] on the "Air Flow Direction Setting" screen.

- (2) "HZ Air Flow Direction Setting" screen is displayed. Touch [◀] or [▶] and set the air flow direction or the [Swing].

- (3) When the [OK] is touched, after the data is transmitted to the indoor unit, the display returns to the "Air Flow Direction Setting" screen.

3-3 Timer Setting

- Touch the [Timer Setting] on the "Main Menu" screen.

- "Timer Setting" screen is displayed.

The following timer settings are possible:

- On Timer:
The stopped indoor unit starts to operate after the set time.
- Off Timer:
The operating indoor unit stops to operate after the set time.
- Auto Off Timer:
When indoor unit operation is started by the On/Off button of this unit, operation stops after the set time.

When the item to be set is touched, the display switches to each setting screen. When each setting is complete or canceled, the display returns to this screen. When [Back] is touched, the display returns to the "Main Menu" screen.

3-3-1 On Timer

- Touch the [On Timer] on the "Timer Setting" screen. When the "Password Verification" screen was displayed, enter the password and touch [OK].

- Enable the On Timer.

- "On Timer" screen is displayed. Touch the [Enable/Disable] on the "On Timer" screen.

- "Enable/Disable" screen is displayed. Touch the [Enable].

When the [OK] is touched, the display returns to the "On Timer" screen.

- Set the Operation Start Time

- Touch the [Operation Start time] on the "On Timer" screen. "Operation Start time" screen is displayed.

- Set the time by touching [▲] or [▼].

When the [OK] is touched, the display returns to the "On Timer" screen.

Note

Up to 24 hours can be set.

- Apply the setting.

- Touch the [OK] on the "On Timer" screen. After the setting change screen was displayed, the display returns to the "Timer Setting" screen.

3-3-2 Off Timer

- Touch the [Off Timer] on the "Timer Setting" screen. When the "Password Verification" screen was displayed, enter the password and touch [OK].

- Enable the Off Timer.

- "Off Timer" screen is displayed. Touch the [Enable/Disable].

- "Enable/Disable" screen is displayed. Touch the [Enable].

When the [OK] is touched, the display returns to the "Off Timer" screen.

• **Set the Operation Stop Time**

- (4) Touch the [Operation Stop time] on the "Off Timer" screen. "Operation Stop Time" screen is displayed.

- (5) Set the time by touching [▲] or [▼].

When [OK] is touched, the display returns to the "Off Timer" screen.

Note

Up to 24 hours can be set.

• **Apply the setting.**

- (6) Touch the [OK] on the "Off Timer" screen. After the setting change screen is displayed, the display returns to the "Timer Setting" screen.

3-3-3 Auto Off Timer

- (1) Touch the [Auto Off Timer] on the "Timer Setting" screen. When the "Password Verification" screen was displayed, enter the password and touch [OK].

• **Enable the Auto Off Timer.**

- (2) "Auto Off Timer" screen is displayed. Touch the [Enable/Disable] on the "Auto Off Timer" screen.

- (3) "Enable/Disable" screen is displayed. Touch the [Enable].

When the [OK] is touched, the display returns to the "Auto Off Timer" screen.

• **Set the Operation Stop Time**

- (4) Touch the [Operation Stop time] on the "Auto Off Timer" screen.

- (5) The "Operation Stop" time screen is displayed. Set the time with [▲] or [▼]. The time can be set within the 30 to 240 min. range in 10 min. units.
